* available directly from a pharmacist without a prescription

** available over the counter

§ Emergency contraception is available from certain pharmacists without a prescription in Alaska, California, Hawaii, Maine, Massachusetts, New Hampshire, New Mexico, Washington State, and Vermont. Currently, there are different age restrictions for the EC products available in the US. Next Choice and Plan B One-Step are available OTC to women and men aged 17 or older. ella is available only by prescription to women of any age.

§§ Plan B is now available over the counter in most provinces in Canada. However, in British Columbia, Quebec and Saskatchewan, Plan B is sold behind the counter and must be requested from a pharmacist.
